

Adrian Jewell (爱德华)

SAN FRANCISCO, 94103, UNITED STATES · 607-221-6266

EXPERIENCE

Technical Instructor, App Academy

January 2019 – Present, San Francisco, CA

- Published and received 42K+ views of a 1600-word article about coding and music. ([link](#))
- Debugged over 420+ issues on full-stack projects, decreasing the number of 6-month+ students by 30%.
- Restructured the final three weeks of curriculum, resulting in double the time spent on data structures and algorithms while retaining project completion rates.

Software Engineer, Jewell Consulting

November – December 2018, San Francisco, CA

- Accepted into the Oberlin LaunchU Accelerator Bootcamp with [Theorizer](#), an artificial intelligence for piano music analysis with potential to generate \$3000 a month in revenue.
- Verified quality of media playback through research and testing for [IMSLP.org](#), a free online catalog of over 450,000 musical scores.

Software Engineer, Williams-Sonoma (through New Elevation)

March – October 2018, San Francisco, CA

- Delivered tens of millions of dollars of savings to the company by streamlining inventory management processes.
- Built features currently in use at over 600 stores around the country by pushing robust code to production for an OMS with 30,000+ daily users.
- Accommodated a lean project by fulfilling multiple roles beyond official job duties: built UI wireframes(2), wrote JIRA tickets (30+), demoed to leadership (3x), negotiated API contracts (4).
- Closed a performance gap by preventing 30,000 late-order fulfillments during peak season with a new feature.
- Helped an intern land a job offer through direct mentorship in frontend development for 1.5 months.
- Hit the ground running in a position with minimal formal on-boarding, and wrote over 4000 words of previously unwritten documentation to assist future developers.

ACCOLADES

Hackathon Prize Winner and Team Participant

San Francisco, CA

- Won cash prizes for presenting full-stack solutions for homelessness, active-shooter emergencies, sustainability, crypto-currency trading, genetic advising, and supply chain.

EDUCATION

Oberlin College and Conservatory, BA/BM

Piano Performance and Neuroscience

Sep 2009 – May 2014, Oberlin, OH
